

# The Map of Ulysses

## 1<sup>st</sup> Quarter Extra Credit

For this extra credit project, you will need to get a poster board and draw a map of the voyage of Ulysses. You can find examples of the map by typing in “Odyssey Map” in a search engine on the Internet.

After you draw your map, write a paragraph telling us what happened at each of the stops on his voyage. These paragraphs need to be on the map itself and should be next to each location.

You can use the Internet here at school or at home to assist you on this project. If you can't remember what happened at a certain stop along the voyage, check the Internet for help or stop by my room before school or at nutrition to look in the red literature book.

Her is a list of all of the locations that must be included on your map:

Troy (Where the Trojan War Takes Place)  
The Land of the Ciconians  
The Land of the Lotus Eaters  
The Cyclops Island  
The Island of the Keeper of the Winds  
Circe's Island  
The Land of the Dead  
The Straight Where the Sirens Live  
The Straight Where Scylla and Charybdis Live  
The Island of the Cattle of the Sun  
Calypso's Island  
Phaacia (Nausicaa's Island)  
Ithaca (Home)

You will be given points based on the creativity of the project, the detail of the map, and the information put into each of the paragraphs.

**The extra credit project is worth a possible 15 points and is due on \_\_\_\_\_.** I will not take any projects after that date.

*Ulysses is tied to the mast so that he can resist the voice of the Sirens.*
