

3rd Quarter Extra Credit

Extra Credit - Accelerated Reader Book Report Project

You will need to select a novel from the Accelerated Reader reading list. Each book on the list has a set number of points that it is worth if you get all of the questions right on the quiz. You can find the AR reading list on the school library page on the school web site. **Do not read a book if it is not on the list.**

For the third quarter extra credit, you can read as many books on the list as you want and take as many quizzes as you would like. I will give you one point of extra credit for every point that you receive on the AR quizzes (up to 10 points).

All Extra Credit Quizzes must be tuned in to me by Monday, March 15th. Be sure to print out a copy of your quiz results when you take the quiz in the library.

You can earn a maximum of 10 points for this extra credit project. I will not accept any late quiz score, so be sure to turn them in by March 15.
