

4th Quarter Extra Credit

For our fourth quarter enrichment, we are going to learn most of the prepositions in the English language. There is not a simple rule for identifying prepositions, so the only sure way to identify them in a sentence is to have them memorized. **This project is worth 12 bonus points.** You will memorize this list and then take a quiz after school on _____. **You must take the quiz at that time to get credit for this project.**

The scoring for this project is as follows:

Prepositions 1 – 40 are worth zero points

Prepositions 41-52 are worth one point each

If you can't memorize at least 40 of the prepositions, don't bother taking the quiz, as you will not earn any points.

List of prepositions:

- | | | |
|-------------|----------------|----------------|
| 1. aboard | 22. concerning | 43. to |
| 2. about | 23. down | 44. toward |
